OVERVIEW

Trevian supported Partners Group's Nordic strategy by providing expertise and advisory throughout the acquisition process, while also acting as a joint investor. During the takeover, the focus was on improving operational efficiency through energy-efficient investments, such as hybrid power plants and optimized ventilation systems. Under Trevian's management, NPS experienced significant growth, reflecting enhanced customer satisfaction. Leveraging their real estate and project expertise, Trevian advanced property-specific development plans in collaboration with a strong partner network. Despite challenging market conditions, active leasing strategies contributed to impressive growth in the portfolio's occupancy rate.

PG WAREHOUSE FINLAND

From acquisition to excellence: High-potential logistics space with unused building rights.
