OVERVIEW

Trevian led the redevelopment of Revontuli, transforming an aging shopping center into a modern, mixed-use asset. The project included converting upper floors into office and healthcare spaces, increasing versatility. Revontuli achieved 100% occupancy and impressive NPS growth, thanks to a skilled team in retail leasing and commercial development and active tenant relations. Trevian's agile partner network ensured the best experts were assigned to the right projects, driving success. The redevelopment resulted in a notable increase in NOI, BREEAM certification, and a boost in visitor numbers, positioning Revontuli as a thriving community hub.

From oldish shopping center to modern asset
driving high occupancy with active tenant
relations.
